Nisreen Askar is a local artist, who expresses here talents in multiple mediums. For Nisreen art and colours are her passion, her heartbeat, at times spontaneous but always created with an open soul that is reflected on every canvas. Nisreen has been painting since childhood, influenced by her Father, and constantly seeking to refine her techniques. She has a certificate

in Fine Arts from Sheridan College in Oakville, Visual Arts diploma from I.C.S. Canada International Career School, member of the Art Gallery of Mississauga, Mississauga Arts Council, Visual Arts Mississauga, Heritage Mississauga, and is a strong and enthusiastic supporter of culture in Mississauga. She has received several awards through competitions and her artworks are found locally and globally.

Nature has always been a source of her inspiration for Nisreen, and the landscape of Mississauga offers much of her inspiration: Port Credit harbour, the lake shore, winter scenes, boats, sunrise and sunset, historic houses, parks and trails, flowers, and much, much more. Nisreen creates using many different techniques, including oil, acrylic and pallet knife, amongst many other forms of artistic expression. She paints abstracts, landscape, buildings and portraits – anything that inspires her. Nisreen loves her city, and this is reflected in much of her work. She gives back to the community by volunteering her time at several galleries, events and auctions that support her community. Nisreen works at her art studio in Port Credit as an art instructor for children and adults: www.nisreensartstudio.com
